Our A.F.S. Classmate

Home Room 144,

14th February, 1970.

Dear Friends,

New Bedford High School is the largest school I have ever attended, and before I arrived I could not imagine how one could exist in such an array of faces without being stereotyped as a name or number. But it took me less than a day to discover just how possible it is. The crowded corridors seemed to be transformed from an anonymous mass into one long friendly "Hi!"

I shall never forget my year as a Senior at N.B.H.S. and shall treasure memories of friendships I made as long as I live. As a Crimson Senior I witnessed my first high school American football game; experienced the spirit and emotion of "Beat Durfee"; enjoyed cafeteria study periods; saw snow for the first time; was lucky enough to play on two champion school teams --- soccer and tennis; and accepted an unscheduled vacation when the New Bedford teachers went on strike at the beginning of my American school career.

From the principal and the Dean of Students to the newest sophomore, I can only say a very sincere, "Thank you," for all that everyone did to make my year, spent so far away from home, such a happy and memorable one.

Yours sincerely,

Brian F Bichat
